Who we are

Udderly Ridiculous Inc. was born out of our passion for agriculture, a love of exceptional food and the growing challenges of food sensitivities. Starting with milk and cream produced from Ontario Goat farms (including ours), partners Cheryl & Greg Haskett set out to craft ice cream in unique flavour blends using high quality real ingredients sourced as locally and sustainably as possible. Not only will our ice cream delight the most discerning palate and provide a healthy gut friendly alternative, it also supports impoverished families by buying goats and providing training through our partnership with World Vision.
